

UNIVERSAL HUMAN DECLARATION

This is a declaration of commitment and responsibility. It is to be read aloud and signed by every human being on Earth.

I love myself and I treat myself with kindness

I respect others and I am kind to others

I have gifts to share and I contribute my gifts to this world

I believe we are all born free

I believe children are precious and need time to be children

I care for the Earth as it is our home, it provides for us, and it gives us life

I share the Earth with all other creatures

I believe we are all equal

I am responsible for how I feel

I find joy in my life and bring joy to others

I create a peaceful world

*I will faithfully uphold the **Universal Human Declaration**,*
